

CeFiore

Cefiore is one of the leading frozen yogurt companies in Southern California and a subsidiary of worldwide seafood and sushi buffet franchise, Today.

Established in 2006, Cefiore has already grown steadily throughout California and other areas in the nation. The company has built a strong following for its unique and refreshing non-fat frozen yogurt flavors. They also offer fresh fruit smoothies, snow ice and a wide selection of organic teas and coffee drinks.

There are over 30 locations in California alone. In the OC you can find Cefiore at Buena Park, Corona Del Mar, Fullerton, Garden Grove, Huntington Beach, Irvine, and of course Newport Beach. I personally visited the Main Street location in lovely Huntington Beach. This particular store is next to a Color Me Mine which can be very fun for the entire family.

Main street Huntington Beach is one of the most fun places in the OC to visit. There are plenty of shops, restaurants, and even a movie theater. The Cefiore store at this location is very popular with the tourists and locals. I adored the décor which was filled with pastel colors and artistic touches.

Cefiore offers a multitude of flavors of their non-fat Italian Yogurt which can be topped with your favorite fruits, nuts, cereals and candy. Their flavors include Original, Acai berry, Chocolate, Green Tea and Raspberry –Pomegranate. The Acai berry is an amazing antioxidant-rich palm fruit from the Amazon Rain Forest. This was the first time I ran across the Acai berry and I really enjoyed the yogurt and plus its good for my body, now how can you beat that?

Another unique product offered at Cefiore is their snow ice which is made to order and comes in original or green tea flavors. The snow ice is sweetened with a combination of your choice of syrups including sweet condensed milk, strawberry and green tea; it is then topped with your choice of yogurt and toppings. I chose to top mine with sweet condensed milk, strawberry syrup, Acai berry yogurt, blackberries, raspberries, kiwi, mango and shaved coconut. I loved the creamy texture of the yogurt followed by the cool crunchiness of the ice and the sweet flavors of the syrups. Definitely an experience and a healthy treat as well.

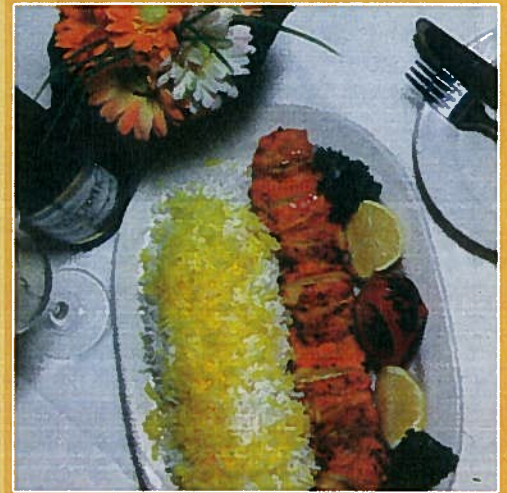

Cefiore is catchy and unique with great guest service. I would like to thank the Huntington Beach Main Street store for taking such good care of me and all their guests. For more information on Cefiore please visit their website at www.Cefiore.com
