## Frozen yogurt chain opens in Orlando

Orlando Business Journal

A California-based frozen yogurt chain opened its first Central Florida location in June and plans to open its second in the next couple months.

**Cefiore's** first franchise location on Edgewater Drive in Orlando opened June 21. The 1,100-square-foot shop seats 18 and features non-fat frozen yogurt flavors, such as raspberry pomegranate, green tea, acai berry and chocolate. The restaurant also sells fruit smoothies, flavored snow ice, waffles, and a wide selection of organic teas and coffee drinks.

Cefiore is a subsidiary of **Todai SSB Inc.**, a seafood and sushi buffet developer, franchisor and operator.
